

A blue sports car, likely a Porsche Carrera GT, is shown from a rear three-quarter view. It is parked on a wet, reflective surface, possibly a rooftop or a parking lot. In the background, a dense urban skyline is visible, featuring several tall skyscrapers, including the Transamerica Pyramid. The sky is overcast with soft, diffused light. The Sikkens logo is in the top left corner.

A LEADER IN OEM APPROVALS

There's nothing like knowing you have the perfect tool for the job. When it comes to restoring vehicle paint to its pre-collision condition, an OEM approval means just that. Sikkens has earned OEM approvals by holding to the highest standards of color and durability.

PROVIDING A FIRST-CLASS OEM APPROVED FINISH.

- Approved for warranty repairs by leading automobile manufacturers
- Meets OEM quality specifications
- Unparalleled durability

Premium performance.

Sikkens has always delivered leading performance in the paint shop. The extensive list of Original Equipment Manufacturer approvals is a testament to this fact. Passing the stringent testing required for approval is no small feat for a paint system. Sikkens passes with flying colors.
